REVIEWED BY KING GEORGE TODAY**

HON. T. MAYNE DALL, VICTIM OF
HEART FAILURE—WAS FORMER-
LY MINISTER OF INTERIOR

Winnipeg, June 24.—Hon. B. Mayne Daly, Mayor of Stratford, Ontario, who has been suffering from heart failure, left early this morning. He took the court as usual yesterday and did not complain of feeling ill. It was shortly after midnight that he was taken sick. The news was a great shock to the city.

Hon. Thomas Mayne Daly, P.C., K.C., was born in 1852, at Stratford, Ontario, and was for a number of years a member of parliament for Perth county. He was also Mayor of Stratford for three consecutive terms and later was Minister of the Interior and Superintendent of Indian Affairs under the Hon. John A. Macdonald.

Bowbell. He was appointed police magistrate in Winnipeg in 1901 and Judge of the juvenile court in 1909.

Mr. Daly also enjoyed the distinction of being the first Mayor of Brandon and served in that capacity for

PLAN

SUNDAY CONCERTS WILL RENDER EXCELLENT PROGRAMME FOR TOMORROW IF WEATHER FINE

At city park tomorrow the regular Sunday afternoon band concert will be held. The programme, given by the 100-piece band of the 101st Cavalry, will be a continuation of the last week's and the music will continue until 2 p.m. A sufficient number of seats will be placed out along the upper avenue east extension to convey the people who wish to avail themselves of the opportunity to spend a pleasant afternoon at the park, without undue crowding. The popularity of the band is attested by the fact that the band, well established and a large number undoubtedly will visit the park tomorrow, providing the weather is favorable for the outing.

Following the ruling of the city supervisors of the opportunity to spend the band concert under the auspices of the street railway to be illegal, concert people are endeavoring to put upon the city the means of maintaining the entertain-

[illegible]

concerts at the park.

The amount of \$307.76 has already been received to defray the expenses of the concert to be held Tuesday, July 29, at 8 o'clock. The Capital is acting as treasurer for the fund. It is estimated that the balance will be about \$1,000. The concert during the remaining summer months.

The following are the amounts collected to date—Collected at the ground, \$18.75; J. G. Jones, \$10.00; A. L. Anderson, \$25; A. Montgomery, \$25; W. L. McNamara, \$100; The Capital, \$25; W. L. McNamara, \$100; The Capital, \$25; W. L. McNamara, \$100.

The programme to be rendered by the Citizens' band at the park tomorrow night, August 1st, is:

March—The Dragon Lick
Selection—*There's a Long Way Home*
A. P. Laurendeau
March—Under Fire
W. L. McNamara
Selection—Dream of Paradise
L. H. Brown
A Largo—When We Awake Handel
J. G. Jones
Serenade—Sunshine
H. Greenwald
Intermezzo—On the Bosphorus
by Chabrier
March—Religioso
W. P. Chambers
Grand Solo the King

\$302.75 has already been received to defray the expenses of the concert to be held during the summer season. The Capital is acting as treasurer for the fund. It is estimated that \$250 will be required to continue the concerts during the remaining summer months.

Folling are the amounts collected to date—Collected at the ground, to date: McNamara, \$75; John B. McCulla, \$50; A. E. Armstrong, \$25; A. Montague, \$15; W. D. McNamara, \$100; The Capital, \$25. Total, \$302.75.

FIGHTING MONSTERS OF DEEP. REPRESENTING NATIONS

(Continued from Page One)

made its tour of the anchored lines it took its station near the St. Vincent, Collingwood and other vessels comprising the first battle squadron. Admiral Togo, Japan's great naval fighter, Admiral Vredland, representing the United States Navy, together with other foreign naval officers and also the flag and commanding officers of the British fleet paid their respects to the sailor King, who received formally on the quarterdeck of the royal yacht. As the officers, in full dress uniform and attended by the members of their staffs, came over the side of the yacht, they were greeted by the blare of brass, the rattle of drums, and finally by a cordial handshake from his Majesty.

The great naval spectacle was witnessed by hundreds of thousands, both ashore and afloat. Alongside the war fleet lay white-hulled squadrons of American boats, all befriended and with their decks bright with the costumes of the women friends of their owners. Old Castle Point on Southsea beach and every other point of vantage on the side of Wight and also on the mainland was thronged with spectators, many of whom had journeyed from the remotest parts of the kingdom to witness the never-to-be-forgotten spectacle—the sight of the largest and most formidable fleet of the war vessels ever assembled.

The impressive ceremonies of Coronation day have resulted in a series of coronation events of almost daily occurrence for the next month up to about July 21. Beginning with the naval review at Spithead today, these coronation receptions and festivities keep the King and Queen moving throughout the kingdom. The royal visit to Ireland from July 7 to 12, the investiture of the Prince of Wales at Carnarvon on July 12, and the royal visit to Scotland from July 17 to 21 are some of the principal events.

The programme of these various royal functions, beginning with the naval review today are as follows: The King and Queen spend the night on the royal yacht.

June 26—Their majesties return to London aboard the gala performance at the Covent Garden opera.

June 27—Royal garden party at Buckinghams Palace, followed by a performance at His Majesty's theatre.

June 28—The royal guests depart. The King visits the Royal Agricultural show at Norwich.

June 29—Royal visit to the City of London. Thanksgiving service at St. Paul's Cathedral, followed by lunch at the Guildhall. Return journey to the palace through the North London boroughs.

June 30—King's fête to 100,000 London school children at the Crystal Palace. The King and Queen will be present at a dinner given by Prince Minister on Mrs. Asquith. Coronation medals will be presented to the colonial and Indian troops who have taken part in the ceremony.

July 1—Their majesties leave for

AMERICAN ATHLETES OFF.

New York, June 21.—A large crowd assembled at the American Line docks today to bid "bon voyage" and good luck to the American athletes who sailed on the steamship St. Paul to take part in the international games in England next month. The American athletes comprise many of the best performers of Harvard and Yale. Their opponents on the other side will be the pick of the Oxford and Cambridge track men.

Windsor, alighting at Slough and proceeding by road to the castle.

July 7 and 8—Royal visit to Ireland. Arrival at Kingston aboard the Victoria and Albert. Landing and reception by the Lord Lieutenant. Drive to Dublin. Opening of Royal College of Science. Visit to Phoenix Park races.

June 9—Service at St. Patrick's Cathedral. Visit to Artisan Industrial school. Inspection of pensioners and girls at Drummond Institute.

July 10—His Majesty receives addresses at the castle. The Queen receives an address from women of Ireland and visits Goshole hospital.

July 12—Their majesties leave Dublin en route to the castle. His Majesty afterwards holds a chapter of the Order of St. Patrick.

Inspect Constabulary

July 14—The King inspects the Royal Irish Constabulary at the vice-regal lodge and attends a review of the troops and the presentation of colors in Phoenix park. Garden party at the castle in the evening.

July 15—Their majesties leave Dublin en route to the castle. The Victoria and Albert.

July 16—Investiture of the Prince of Wales at Carnarvon.

July 17—The King opens the new university college at Bangor.

July 18—The King lays the foundation stone of the Welsh National library at Aberystwyth.

July 19—Royal visit to Edinburgh. The King and Queen and the Prince of Wales, with Princess Mary arrive at the Galloway railway station in Princess street at 2 p.m., where the Duke of Cornwall awaits their arrival.

July 18—Inspection of the king's bodyguard for Scotland (the royal company of archers) and presentation of colors by His Majesty at 10:30 a.m., to be followed by the presentation of "the colors" and by the presentation of addresses by various bodies. A levee will be held at noon. The Queen visits the Women's and Children's hospital at Edinburgh. The King in the afternoon pays a visit to Edinburgh Castle and to the Royal Scottish Academy.

July 19—The King attends St. Giles Cathedral in the morning for the dedication of the chapel of the Thistle. Their majesties in the afternoon lay the foundation stones of the Usher hall and afterwards pay a visit to the royal infirmary. Their majesties hold a court in the evening.

July 20—In the morning the King presents colors to the Royal Scots in the King's park and inspects the veterans, the Boys' Brigade, the Church Lads' brigade, a detachment of boys from Queen Victoria school, Dumbane, and the Boy Scouts. A visit will be paid to Linlithgow castle in the afternoon.

July 21—Their majesties leave Edinburgh.

The gala performance at His Majesty's theatre of Tuesday, June 27, is to be one of the most brilliant functions connected with the coronation.

A programme written for the occasion by Owen Sweeney is to open the proceedings, and this will be followed by scenes from "Money," "The Merry Wives of Windsor," "The School for Scandal," "Julius Caesar," and "The Critic." Gen Johnston's masque, "The Vision of Delight" will then be given and the performance will be concluded by the singing of the national anthem

Official Programme

Prologue, spoken by Forbes Robertson.

Scene from "The Merry Wives of Windsor," in which Mrs. Kendal, Miss Ellen Terry and Mrs. Charles Calverly will appear.

The second act of "David Garrick," with Sir Charles Wyndham, Edward Terry, Woodrow Greenhill and Miss Mary Moore.

The third scene from "Julius Caesar" with the actors including Sir Herbert Beerbaum Tree and E. S. Willard.

"The Gaiety" including George Alexander, Arthur Bourchier, Cyril Maude, Charles Hawtree, Oscar Ashe, Gerald Du Maurier, Laurence Irving, Lady Tree, Winifred Emery, Marie Tempest, Gertrude Millar, Lily Elsie and Violet Vanbrugh.

"The Vision of Delight," in which will be seen Mrs. Laurence, Mrs. Patrick Campbell, Lena Ashwell, Ellis Jeffreys, Evelyn Millard, Gertrude Kingston, Marie Lohr, Eva Moore, Lilian Braithwaite, Evelyn D'Alois, Lilian McCarthy, Mabel Hackney and Constance Collier. A large number of other leading actresses and singers will compose the chorus.

"The National Anthem" will be sung by Miss Clara Bull.

The king and queen will be received on arrival at the theatre by Sir Herbert Tree and Sir John Here, the father of whom will remain at their majesties' disposal throughout the evening, as representative of the executive committee, which comprises the following well-known members of the dramatic profession—Sir Charles Wyndham, chairman, Sir John Here, George Alexander, Cyril Maude, Charles Hawtree, H. B. Irving, Henry Treach, Herbert Tree and Arthur Bourchier, organizing secretary.

The entire grand tier of the house has been rearranged so as to form the Royal Box, in which the king and queen and their principal guests are to be seated while two other large boxes and 250 stalls have also been engaged by court officials.

The design for the decoration of the interior of the theatre is a novel one and consists almost wholly of real flowers. The most vivid colors surround the royal boxes and the vestibule in which their majesties will hold a reception of their guests, however, great masses of crimson rambler roses, hydrangeas and lilacs will be utilized, and these will be joined down gradually to harmonize with the rest of the scheme. On the outside balcony the columns are to be draped with imperial purple curtains, interlaced with frail garlands bound with golden ribbons. Small crowsfoot trees will be placed at lower the balcony, in the centre of which will play a fountain of water.

The general auditorium will be adorned in pink, white and crimson, with festoons of fruit and earlands in green and gold, and red by crimson banners with the royal arms placed below the seats of the king and queen. In the stalls and dress circle the public will be required to wear court dress or uniform and in other parts of the theatre, evening dress.

There has been an enormous demand for seats and some very high premiums have been paid. The prices of those places open to the public were fixed by the management as follows—Private boxes, from £25.50 to £255; orchestra stalls, £45; dress circle, £25 to £52 and amphitheatre, £8.50.

Scene from "Cupid's Handicap," a Col lege Play, with music, at the Lyceum.

AN "OLD BOY'S"

MESSAGE TO SCOUTS

Sir Melville Becherer, (Sir Richard Melville Becherer) is a well known public man, having been deputy-chairman and vice-chairman of the London County Council, and first chairman of the Metropolitan Water Board.

"Try to do your duty and you will be quite happy." This was General Gordon's experience, and he died for his country. "The words are his—let them be a motto for the Boy Scout."

The Pittsburg club has signed Victor M. Hayes of the University of Vermont.

Dr. Martel's Female Pills

EIGHTEEN YEARS THE STANDARD Prescribed and recommended for women's ailments, a scientific remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

CADETS

No. 1 troop of cadets and boy scouts organized in connection with All Saints church, will go into summer camp from July 4th to July 13th. The location of the camp is in the same place as last year. Up to the present Archibald Gray has received more than sixty-three applications from boys who wish to attend and this number will be further augmented in the course of the next week.

The organization is a special company of boys over fourteen years of age or above four feet six inches in height. It is one of the plans which the Archibalds are in view for the coming fall. His object is to establish a corps, which will appeal to the boys who are over school age, and he hopes to have as many as fifty members. These boys will be dressed in complete khaki uniform, and in place of carrying dummy rifles, will be armed with the floss rifle.

Talks From the Scout Editor

In a few weeks the Edmonton exhibition will be held. Doubtless the boy scouts will parade but why not make one day of the exhibition scouts' day and have a rally of scouts from all parts of the province? It would be one of the big features of the exhibition and if a good signalling drill could be carried out in front of the stand, there would be nothing prettier than it.

The different scout troops of the city are going to hold camps this summer and arrangements are already being made for the pitching of the tents at the different lakes. The All Saints' troop is going to camp at Stony Plain. The McEwen Methodist troop will also camp there. The Y. M. C. A. boys' camp will be at Wabamun. The other troops have not yet decided where they will hold their camps.

A compelling "must" in the system of every boy now pulls and tugs at him to get away to the woods. He wants to camp out and he ought to. It is written in his nature and boiling in his blood. He will be stunted if he does not. To understand life himself, to know the life of the world, he must know the out-of-door world. The bible was written by out-of-door men and its similes and figures are in nature's language. The boy must get out into the woods and into the waters. His life in the city and town surrounded by civilized comforts is artificial. The physical man in him demands primitive living for a while at least, each year. But the city boy cannot camp alone.

Scout Doings In City and Province

Scouts on the Trail Having a Glorious Trip; The Letter

The Alberta boy scouts should be landing in Liverpool today. They left Quebec on June 17 on the Empress of Britain. A letter was received today from the capital's correspondent with the scouts, Hugh Garrison, written immediately after they boarded the vessel. The boys appear to have had a great time, being treated well wherever they went, and they certainly have enjoyed their trip so far.

The letter is as follows: Empress of Britain, June 17, 1911. Dear Scout Editor: We embarked on board at 12.30 a.m. after we had travelled all over and visited every place in Quebec. At Montreal we played a ball game in the afternoon. In the evening we visited Dominion Park, and Oh! what a time we had on the scenic railway, chute-the-slides, and all the other things.

The following morning we started at the Y. M. C. A. mill 11.30. We then left for Quebec, where we arrived at 9.30 in the morning. The afternoon we created a little disturbance at the station by shouting "Alberta" in a very loud voice as we tumbled out of the train. At 9.45 we paraded. About 10.30 we started out to see the city.

We visited a great bunch of historical places, among them being the citadel. We were taken all through the fort and a cannon was fired off there to show us how it was done. We viewed the town until 12.30 a.m. when we boarded the ship and turned in regretfully.

At Montreal they said the Alberta and Ontario boy scouts were the best of all those that passed through the city for the coronation.

Yours truly, HUGH GARRISON.

Scouts Are Now In The Old Country

Liverpool, Eng., June 23. (Special cable to the Capital.)—The dock of the Atlantic line with the shouts of the Alberta contingent of boy scouts who disembarked from the steamer Empress of Britain today. The boys all looked well and hearty as they formed in line and passed their kilts from the steamer to the wharf by a succession of vigorous throws.

The leather-lunged gamblers from the west were the centre of attraction for the somewhat unusual crowd that thronged the wharf. They well deserved the words of praise that fell from the lips of the military men who met them.

The boys got into camp at West Kirby by today and will remain there until Wednesday, June 28, when they go to Richmond.

The Ontario and Saskatchewan contingents landed a few days ago and while larger, did not show the discipline or snap of the Alberta boys. They are being entertained by the boys of West Kirby.

Gossip of the Troops

At the meeting at the Y. M. C. A. last night six fellows were sworn in as tenderfeet. They were: Simonsen, McLean, McArthur, Havelthorpe, Fleming and Ward. The attendance was fair but not nearly as good as it should be. The boys are getting ready to try for the proficiency badges. The usual practices were held.

A Parade On Tuesday, May 20th. All the scouts formed in front of Queens avenue school at 8.30 p.m. From the school they marched over to Nanayo, down Nanayo to Jasper to Griesmer. After resting a while, they about turned and marched back to Jasper to Fourth street, down Fourth street to Victoria, east, on Victoria to Third, down Third to Jasper, east on Jasper to First, where they dispersed. There were 200 scouts, including the Strathcona troop.

He Smiles Lloyd Melroe of the Y. M. C. A. scouts (Wolf Patrol) who broke his leg a short time ago while playing baseball is progressing every day. It seems that Melroe would smile if he checked broke at him, for he just lies back on his bed at home with a great big cheery grin.

A Scout Has Gone A short time ago Alvin Braze of the Round Patrol, of the Y. M. C. A. troop broke his leg.

A Few days later he got diphtheria, which caused his death. Braze was one of the best and most popular scouts of the Y. M. C. A. He was always a willing, cheerful sort of fellow and the scouts feel his loss deeply. He was a fine signaler and was excellent in attendance. The troop is in mourning for his death.

Wouldn't Accept The Y. M. C. A. scouts distributed the programs at the coronation day sports. The programs were free, but many people offered to pay for them, and one man insisted on paying for it and told one scout he was a fool for not accepting payment for the program.

A Hike The Y. M. C. A. scouts went out for a hike in the west end of the city this morning. They went beyond the city boundaries. They will return this afternoon.

The usual practices were held at the All Saints and St. Andrews meetings. The McEwen troop held a contest. Each patrol worked to get the greatest number of members. The prizes were to be a knife and axe to each boy in the patrol that won. The Beaver patrol was the fortunate one. Patrol leader Smith succeeded in making his boys work industriously.

"Get it At the Bay" These Prices Will Pay

Women's Waists WERE \$4.50 TO \$5.50 Now \$3.75

Our best tailored and lingerie styles of lawn, linen, silk, and marquisettes—all bunched now at \$3.75.

Canada Stands to Win By Democratic Programme

If the programme of the Democrats in the United States senate is carried out and they, through an alliance with the insurgent Republicans, manage to force a general revision downward, a great deal of Taft's thunder will have been stolen and the chances of the Democratic candidate for president will have been materially increased.

In the meantime, Canada stands to lose nothing by the new development.

When Taft became president of the United States he found his party, although overwhelmingly in the majority but hopelessly divided. He had his choice between the standpatters led by Cannon, Aldrich, et al, and the progressives headed by LaFollette, Bristow, Cummings, et al. Notwithstanding anti-election pledges to revise the tariff downward, Taft chose to take his chances with the reactionaries and supported the Payne-Aldrich tariff, which was a self-evident conspiracy to accomplish by jokers and indirection all that the highly-protected trust interests feared to try to accomplish by open and above-board legislation.

Since then Cannon has lost control of the house and Aldrich has lost control of his own state, while many of the reactionaries have been driven from public life altogether, the progressives triumphing within the Republican party and the Democrats defeating them from without, until now the house is Democratic and the senate is Republican in name only, the balance of power lying with the insurgents.

Taft, undoubtedly, has seen the error of permitting himself to appear as a friend of the interests, and the Canadian reciprocity pact, which is essentially a Taft measure, framed and negotiated by himself, is a bid for popular support outside of Republicanism altogether, calculated to strengthen Taft's chances as a candidate for a second term in the presidential chair.

By taking the whole propaganda out of Taft's hands and by making a general tariff revision downward, the Democrats steal Taft's thunder and leave him little to claim before the country, leaving him in the position where he will have to support the Democratic low-tariff measure and thereby break even with the protectionist principles of Republicanism, or veto the measure and accept the responsibility before the country of having prevented a reduction of the tariff.

Undoubtedly the Democrats have taken full advantage of Taft's vacillation and have jockeyed him into a very difficult position, as a result of which Woodrow Wilson's chances for the presidency are greatly increased and Taft's chances correspondingly reduced.

In the meantime, Canada cannot lose by the triumph of either factor. If the Democrats, with the aid of the insurgents, succeed in making a downward revision Canada will get a larger access to the United States markets, along with all other countries in the world. If they fail, Canada will get the reductions provided for in the reciprocity pact anyway.

The unfortunate feature from Canada's point of view is that Canada has not a free trade party which is willing to meet United States in any reductions which the Democrats or any other party choose to make. If such a party existed, the opportunity now presents itself to practically wipe out protection in this country altogether and by so doing to help very materially the low tariff forces in the United States to reduce theirs, thereby at one stroke accomplishing free trade for Canada and demolishing the protective wall maintained by United States which, more than anything else, has helped to make free trade in Canada appear infeasible.

Tenants' Franchise Now Up to the Council

According to the city assessor, tenants are not required to pay poll tax before they have their names placed on the voters' list, but he promises that immediately the names are placed on the list he will go after them for poll tax.

By this method the city assessor makes it cost a tenant \$3 to get a vote, and thereby places a penalty on the tenant's right to the franchise.

By a resolution brought in by the finance committee last year the poll tax was allowed to lapse, and in this way no poll tax was collected in 1910.

The assessor claims that the poll tax is provided by the charter; that the council has no legal right to allow it to lapse, and that until the charter is changed he is compelled to collect it, no matter what resolutions the council may pass.

This, of course, places the assessor in a very bad hole, as, if such is the case this year it must also have been the case last year. If he is compelled to collect the poll tax in 1911 he was quite as forcibly compelled to collect it in 1910, and, carrying the hypothesis through to its logical conclusion, it might even be shown that the assessor owes the city the amount of the tax which he failed to collect in 1910.

The assessor to the contrary notwithstanding, however, it is quite safe to say that if the council desired to do so it could do this year as it did last, allow the poll tax to lapse and thereby extend the franchise to tenants without penalty.

Plainly the assessor is opposed to the tenants' franchise and will not allow tenants to vote if he can dig up any technicality by which the right granted them by the legislature can be taken away. If the tenants are to get a vote at the next municipal election without having to pay \$3 penalty for their evidence of good citizenship it is evident that the desideratum must be accomplished through the assistance of the city council and in spite of the opposition of the assessor.

It is up to the council to pass the same resolution this year as last and try it out. If the resolution is good, the tenants vote. If the resolution is not good the poll tax clause of the charter must be cut out.

Boundary Extension Protection Against Privilege

The boundary lines agreed upon by the amalgamation committee make the new consolidated town of Edmonton, Strathcona, North Edmonton and Calder six miles by six and a half square, a total area of 24,960 acres, with a total population of close to 49,000.

While the area is large, there are many good reasons why it should be large.

Operating all its public utilities, the amalgamated city will be relieved of the probability of complexities in dealing with franchise companies.

As it stands now, with Edmonton surrounded by other municipalities, all empowered to grant franchises, the danger is very real that some one or other of these municipalities might grant a franchise which would do incalculable damage to the Edmonton enterprises and which would eventually have to be acquired by the city, possibly at great cost.

By the extension of the boundaries and the inclusion of the adjacent municipalities, Greater Edmonton will commence business without a franchise or a special privilege of any kind in the hands of private interests. And with amalgamation, the danger that any franchise will be granted is even less than under the present arrangement.

RAILWAY BUILDERS ARE VERY ACTIVE

CANADIAN NORTHERN RUSHING
CONSTRUCTION ON MAIN LINE
WEST OF EDMONTON

Construction of the Canadian Northern main line west of Edmonton is being prosecuted vigorously by contractors and subcontractors to a point as far west as 100 miles west of the Pembina river. The contract for the stretch of road between St. Albert and the Pembina river is in the hands of the contractors McMillan Brothers and Kenny. They have outfits scattered all along the grade on this section of the right of way and the road bed is taking shape rapidly.

West of the Pembina river for a distance of 50 miles, J. D. McArthur holds the contract and stretching from the west end of McArthur's contract another 40 miles is a stretch of right of way on which the grade is under contract to O'Connor. Both McArthur and O'Connor have men and outfits on their contracts.

On the Peace river line a large force of men and outfits is being concentrated. In addition to the outfits of Tobin and White which are at work on the first twelve miles of the grade north from the main line of the C. N. R., the railway company is putting on other outfits further north on the 50 mile section of the right of way that has been cleared by Peter Gunn, M.P.P.

The main line of the Canadian Northern railway will cross the Athabasca river at a point this side of Prairie creek, known as Mile 65 on the G. T. P. In the approach to the Yellowhead pass, the C. N. R. will follow the opposite side of the river to the Grand Trunk and at one point they will have to construct a tunnel of about 1,800 feet through which to carry their line.

LOCAL LIVE STOCK PRICES

Swiss Canadian Co. will pay the following prices from June 25 to July 1st weighted off cars at Edmonton:
Choice quality hogs, 150 to 200 lbs. 5 1/2
Hoghs and heavies 5 to 6

Edmonton Portland Cement

CAPITAL STOCK
\$1,500,000

Co., Limited **LIEUT. GOV. G. H. V. BULYEA**
Chairman of the Board

Article Number Twenty Two

This number concludes the series of articles which have appeared in all the daily papers of Edmonton. When No. 23 appears it will be to announce the advance in the price of the shares of the Edmonton Portland Cement Company, Limited.

The Edmonton Portland Cement Company is a clean-cut, high-class business proposition which should need no recommendation to any business man or investor in Edmonton. It is in no sense a speculative proposition. There is nothing speculative about it. The entire business proposition of the Edmonton Portland Cement Company is based on facts which no business man can question or dispute. These facts are:

1st. The property owned by the Company;
2nd. The market for Portland Cement in the Edmonton District;
3rd. The organization and methods of the Company.

No one now questions the fact that the Edmonton Portland Cement Company owns what is probably the largest marl deposit in the world—a quantity sufficient for the manufacture of at least 12,500,000 barrels of Portland Cement.

No one now questions the fact that the Company also owns an enormous bed of very fine blue clay.

No one questions the fact that both of these materials are ideal for the manufacture of Portland Cement and are all that is required for its making.

No one questions the fact that true Portland Cement can be manufactured from these materials at a cost not exceeding 78 cents per barrel.

No one questions the market for Portland Cement in the Edmonton District, which now means a demand of 400,000 barrels annually—a demand which will rapidly increase.

No one questions the fact that the price of Portland Cement in this market, which is now \$3.30 per barrel, will always be fixed by Eastern mills and will be the Eastern mill price plus the freight rate to this district.

No one questions the fact that the Edmonton Portland Cement Company can sell its entire output at its mill door for AT LEAST \$3.05 per barrel.

No one questions the fact that the Company can make a profit of at least \$2.00 per barrel, or \$640,000 on its year's run, or 40 per cent. dividends on its capital stock.

No one questions the fact that the earnings of the Edmonton Portland Cement Company should make its shares worth at least \$200.

No one questions the fact that the first published statement of the Company will demonstrate that its stock has a book value of more than \$200 per share.

No one questions the fact that the shares of the Company should sell above par right now.

No one questions the fact that these shares will increase in value the moment they are offered to the general public on the basis of their commercial value.

No one questions the fact that the Board of Directors of the Edmonton Portland Cement Company are the very best men in this community and men whom the public can trust to manage the affairs of the Company with an eye single to the interests of the shareholders.

No one doubts that Lieutenant-Governor Bulyea, Mr. Sam Smith, Mr. Fred Driscoll, Mr. Gariepy, Dr. Ferris, Warden McCauley and their associates are the very best men that could be chosen to administer the affairs of this institution.

No one questions the fact that owning vast deposits of both the materials necessary for the manufacture of Portland Cement and within five miles of each other, is most fortunate.

No one questions the fact that the location of both of these properties on the main lines of two great railroads, which at this particular point approach within 150 feet of each other, is ideal.

No one questions the fact that the location of this plant right in the centre of a great Empire that is at the dawn of its making, is strategic.

And finally, no one who has acquainted himself with the facts of the Edmonton Portland Cement Company doubts in his heart that these facts all unite to make sure the great success of the most important industrial institution in the Northwest.

These facts are all so obvious and easy of demonstration that they can not be questioned.

The plan of the Edmonton Portland Cement Company for financing its operations is both simple and absolutely just to Edmonton investors. The plan is this:

The shares of the Company have been offered to the citizens of Edmonton at par, and this offer will be kept open for a few days longer.

The purpose of this offer is to give every man or woman in Edmonton who makes either a large or small investment in the shares of the Company every opportunity to profit by the large earnings of the Company and the certain advance in the price of its stock.

Both the Directors and Organizers of the Edmonton Portland Cement Company desire every Edmonton investor to have an equal opportunity with every other investor to profit in the development and prosperity of this splendid institution.

But the necessity for completing the financing of this institution means that the stock of the Company can not be definitely offered to the people of Edmonton at par when Eastern and foreign investors are waiting to buy shares at their just commercial value.

And men of large means are not going to allow this splendid opportunity to pass them by.

What will happen is, now that it has been decided to offer the shares at par for only a few days longer, a group of wealthy men will undoubtedly propose to subscribe for all of the unsold shares and then take advantage of the advance in price when the stock is offered to Eastern and Old Country investors.

The day when "Edmonton" shares can no longer be purchased at par is fast approaching, and the Edmonton citizen who desires to take advantage of this opportunity to make a very handsome profit on a very small investment had well act without delay.

The following illustration will illustrate what this means: A subscriber can purchase ten or fifty shares of stock by paying twenty-five per cent. down and the balance in three, six and nine months. Before the first deferred payment becomes due the stock should have advanced one hundred per cent. on the original investment.

As has been announced this Article concludes this series of advertisements and the next advertisement of this Company will announce the advance in the price of shares.

Those desiring shares can obtain all necessary information by inquiring at the Company's Offices, Rooms 400-1-2, Moser-Ryd Building.

REVIEW OF REAL ESTATE MARKET

(Continued from Page One)

property, which has a frontage of 50 feet on Elizabeth, and extends back 150 feet, was sold by the Northern Investment Agency for the owner, E. V. Pringle of Clyde, Alta., to an eastern

man. The Northern Investment Agency have a number of other deals with European clients under way. For the week they report a total business of \$75,000.

Pringle and McIntyre report the most active week they have known for some time past. With a total turnover for the week of in the neighborhood of \$200,000, in residential and business sites, there has been one of

the best records of the month. Mr. Ryan of Gosselin and Ryan, who returned from a business trip to the coast, reports a lively interest in Edmonton real estate in the cities of Vancouver, Victoria and Seattle. "Every man in these cities is open for Edmonton propositions," said Mr. Ryan to the Capital yesterday. "Coast capitalists are taking Edmonton continuously, and so widespread an interest in the development of this city has never been shown before. One or two sales to Vancouver men have been completed by Gosselin and Ryan, and others it is anticipated will be carried through in the very near future. In outside property they have had a good week, and among other sales was that of a quarter section 4 miles from town, which was disposed of for \$200 an acre. The Western Realty report sales totaling \$75,000. Crafts, Lee and Galling report a continued demand for property in the north end, where prices still continue to advance steadily. The Imperial Investment Company's total for the week is \$65,000, mainly in residential sales in the northwest portion of the city. Rolfe and Knowlton have a total for the week of \$100,000. York and McNamara have had an active week, and several large deals which cannot be completed for a few days' time will bring their total to a very substantial figure, while the Margh, Holgate Co. reports numerous sales at advanced prices. The week's sales of lots in "The Highlands" total \$10,000, and the total business \$75,000. Several sales were made in Strathcona property, and a number of large deals in suburban property are pending.

In Strathcona property there is to be noted a general advance and lots in the Brackman-Kerr subdivision are changing hands in considerable numbers. Twelve lots were sold a few days ago in this subdivision by H. M. Milne. Martin. While other Strathcona deals are pending. This firm also sold some forty acres of land south east of St. Albert, for \$10 an acre. Golder and Glenora they report brisk.

The Union Land and Investment Co. have just completed the sale to local men, of a number of Capital hill lots at \$100 a lot. The deal totals \$25,000.

The gain in the American Federation of Labor since the convention of last November has been 156,898 members of various trade unions.

COMMERCE CONSTRUCTION OF UNIVERSITY DORMITORY

(Continued from Page One.)

being made on Whyte avenue and when driving along Main street south his wagon struck a stone and he was thrown off and directly under the wheels of the wagon which passed over his body and legs. Although the wagon was lousier with two yards of wet clay it was found upon medical examination at the hospital that no bones were broken and the injured man is expected to be around in a few days.

Local Soldiers Return

With the 19th Dragons which returned by special train from the Calgary camp this morning came the Strathcona "B" squadron, the men and officers all looking in the best of health and well bronzed with the two weeks' manoeuvres on the plains. All the members express themselves as having enjoyed the outing and fortunately did not suffer a mishap of any kind. Major Mariot was in command, with Lieutenants Bowen, Golder and Brick.

Winnipeg Train is Popular.

The success of the new daily passenger service between Strathcona and Winnipeg on the Canadian Pacific has been so pronounced that it is already exceeding the best anticipations of the traffic officials. Although in operation scarcely more than two weeks the new train is carrying a good share of business and to those in touch with the work at this end it is apparent that the service is rapidly growing in favor with the travelling public. From Saskatoon eastward the new train is taxed to its capacity to handle the traffic according to the reports of officials, that section traversing the order and better settled part of the country. From Saskatoon to Strathcona the traffic is rapidly growing heavier. As the new district develops and the residents along this portion of the route get more accustomed to the service the local business will be particularly good. Already the new train is very popular with immigrants coming west.

ALLAN-LAUDER WAS CALLED AT RING

Lauder Was Overweight at the Ring-side and Game Was Stopped

ALLAN REFUSED TO ENTER THE RING

Two Thousand Fight Fans Were Turned Away at Last Minute.

Winnipeg, June 23.—The fight game received another kick last night, the Allan-Lauder bout being called off owing to the latter being overweight at the ring-side. This was due to the contradictions in the agreements, the one held by Lauders calling for 130 pounds at 2 o'clock, and by Allan by same weight at ring-side. Allan refused to enter the ring because Lauders refused to enter the ring, and two thousand fans went away disappointed.

RED DEER TO HAVE A GAME WITH E. C. C.

THE EDMONTON ELEVEN WILL JOURNEY TO RED DEER ON SATURDAY TO PLAY MATCH

The Edmonton cricket club will journey to Red Deer on Saturday to play the Red Deer eleven for the first time this year. Reports from Red Deer say that the team there is exceptionally strong this year so that they expect to afford a good game.

The following have been selected to play for Edmonton vs. Red Deer on Saturday next at Red Deer:—Montford, Lovell, Gasson, Duncan, Copleston, Dickens, Goldberger, Gannon, Clark, Dymond, A. R. Oiler, A. M. Oiler, C. Klester, tickets taken.

BRANDON WON FROM ROBINS WHO PROTEST

Brandon, June 23.—The Brandon Angels under their new manager, Joe Quiser, electrified their home coming from the western trip by defeating Moose Jaw last night by a score of 10 to 5. Both teams played almost perfect ball, except in the last innings, when the visitors made a few errors, and some good defense work saved the game for the Y. In the first half the Y. forward line broke away into running game and Redick's beautiful pickup when he threw Fourmer out at first. The home crew played best game they have put up so far this season, and the fans were more pleased with their showing. The game was protested by Moose Jaw on the ground that the ball was thrown into the diamond and thirty, who was not fired, thinking it was the ball in play, started to steal second. Quiser had the right ball and threw to first, and Hurley was declared out by umpire Morrissey.

Score by innings—
Brandon..... 0 0 0 0 21—5
Moose Jaw..... 0 10 0 0 21—5
Summary—Two base hits; Hurley three base hits; Holman, Hurley; base on balls; off Ryan 4; off Dunn 2; struck out by Ryan 7; by Dunn 4; sacrifice hits, Kelly; left bases, Brandon 6; Moose Jaw 5; umpire, Morrissey.

CALGARY BEAT HIGH RIVER
High River, June 23.—In a very fast game of lacrosse, Calgary won from the strong High River team in the running game of the province. The victory was by the score of 8 to 3. Tommy Burns faced the ball, and a large crowd saw the game.

WITH THE BOXERS
Jewel took the English heavyweight, in New York, looking for house.
Harry Forbes has signed to meet Togo, a Japanese boxer, in McMaster, Ont., on July 4.
Mike (Twin) Sullivan is at his home in Boston, and will do no boxing until next fall.

WESTERN ARCHERS IN TOURNEY
Chicago, Ill., June 23.—Beginning today and continuing over tomorrow, Washington park in this city will be the Mecca of the archers throughout a large section of the country. The knights and ladies of the bow meeting here to shoot in the first championship tournament of the Western Archery association.

Y.M.C.A. Defeats Caedonian Soccerites

Y. Played a Much Better Game Than Did the Scotts

SOLITARY GOAL WAS SCORED ON PENALTY

Both Teams Played Good Combination, Especially the Y.M.C.A.—Score 1 to 0.

In a nicely played game at diamond park last night the Y. M. C. A. football team defeated the Caedonian senior eleven by a score of one to nothing, the one goal that was scored being made on a penalty in the second half. The Y. M. C. A. had the better of the game almost all the way through, outplaying their opponents in nearly every department. The feature of the game was the nice combination playing of both teams especially the Y. M. C. A., whose forward line was effective in all sides apparently without effort. During the latter part of the game the Caedonians seemed not to be somewhat afraid of the chunky Y. man.

All the men on the Y. M. C. A. team played good ball. Hush, in particular, on the full back line, was effective in his strong kicking. He saved the goal a number of times. Britton in particular, picking the pickoff of the bar and away from the posts and judging the shots to a tie.

The Caedonians played good games on the forward line and the defense was not so good. They had several chances to score, but poor shooting allowed them to escape. Hope was particularly unfortunate in the placing of his shots. Their combination was not as close or well handled as was that of the Y. M. C. A. had a who in comparison with their last two games played brilliant football.

The game played by the Y. was a forward line combination with little field passing or wing shooting. On a couple of occasions after bringing the ball down close to the goal, they failed to make the shot.

The goal was scored after about fifteen minutes of play in the second half when during a scrimmage, a Caedonian, and a penalty kick was allowed. Ward took the kick and scored.

After the goal was scored the Caedonians pushed the game harder and several times came close to making the net, but a couple of the stops by Britton and some good defense work saved the game for the Y. In the last half the Y. forward line broke away into running game and Redick's beautiful pickup when he threw Fourmer out at first. The home crew played best game they have put up so far this season, and the fans were more pleased with their showing. The game was protested by Moose Jaw on the ground that the ball was thrown into the diamond and thirty, who was not fired, thinking it was the ball in play, started to steal second. Quiser had the right ball and threw to first, and Hurley was declared out by umpire Morrissey.

At times the play became rough and near the end of the game, Gorman and Kinsman were suspended for the rest of the contest for fighting on the field. But after the ball was kicked the game would have been one of the nicest exhibitions of scientific football played this year.

The attendance was fairly good, there being about 300 fans out, mostly rooting for the Caedonians.

SASKATOON SPLITS WITH WINNIPEG

Winnipeg, June 23.—Winnipeg and Saskatoon again split even in a double header, the visitors taking the first by the close score of 1 to 3, and the locals landing the second by 6 to 1.

Splendid pitching by Miller and a home drive by Walsh in the first innings decided the first game for the Berriepickers. The fact that Collins pitched the story of the Maroon victory told the feature of this contest, he getting a triple and two singles in three times at bat.

Score by halves—
Saskatoon..... 0 0 0 0 0—0
Winnipeg..... 0 0 0 0 0—0

Summary—Two base hits, Donovan; three base hits, Kirkham; sacrifice hits, Kirkham, Krueger; stolen bases, Krueger, White; double plays, Schell, Glickner; base on balls, off Collins 2; off backoff 1; struck out by Collins 6; by backoff 4; by pitcher backoff by Collins 1; wild pitch, backoff; passed ball, Carney; left on bases, Winnipeg 3; Saskatoon 13; 10; umpire, Murphy.

A DISPUTE

For a while yesterday afternoon it looked as though the lacrosse club and the baseball league were going to get into difficulties over the use of diamond park. The Lacrosse club has a match arranged to be played today also. Both wanted to use the grounds at night.

After a bit of a dispute it was agreed that the baseball league should use them in the afternoon and the lacrosse game in the evening.

Eskimos? By Sensational Work

In Field and at Bat Win Game From Mat Stanley's Outfit—6-0

Calgary, Alta., June 23.—"Friday, the thirteenth" was too much for the men of Hon. Matt Stanley's brigade, for they lost to Edmonton by the score of 6 to 0. It was a bad miss and when Lussi hammered out the needed triple, but was caught when he tried to slip home on the hit. It was a bad coaching. Cox fired out to Duggan. Probably Dickinson had the best of the pitchers' argument, though he only fanned four men while Lezie whiffed three. Dickinson issued two passes to Lezie one, Dickinson hit two men and Lezie none. But at that Dickinson was master of the game all the way through.

SWIMMING CHAMPIONSHIPS ARE POSTPONED

New York, June 23.—The annual championships of the Intercollegiate Swimming association, which were to have been held tomorrow at Travers Island, have been postponed until July 8, when they will be held at the big aquatic carnival at that place.

BOXER WANTS TO MAKE MORE NOISE THAN FISTS

Vancouver, Wash., Saturday, June 23.—The American boxer who is scheduled to box Battling Nelson, former light-weight champion of the world, in Portland, July 4, has set up his training quarters in the old Auditorium building, which was abandoned for theatre purposes because the bullfrogs in the pond beneath made it impossible for the voices of the prima donnas to be heard above their raucous chorus.

In the rear of the building Anderson has his gymnasium, and when he roars his lungs he tries to make a roar that will drown the bullfrogs' din, but so far his efforts have been in vain. The Columbia river has carried out to within ten feet of water in the bullfrog pond, and in it are thousands of bullfrogs which make the night hideous with their rasping stinging.

RETAILERS TO MEET Y THIS AFTERNOON

At 3 o'clock this afternoon, the Y. M. C. A. ball team meets the retailers in a city league match at diamond park. The two teams are at the top of the league and so far this season there has been nothing to indicate that one of them has anything to offer the other. The games which each has played and have been won by superior playing. The teams have already eluded one another. Y. won out by one run, although the retailers scored a sensational batting rally in the ninth, and almost succeeded in taking out of interest in the game among the fans is intense and so far it is anybody's game.

It is likely that the pennant winners will try to arrange a game with the winners of the Calgary amateur league for the championship of Alberta.

Provincial Sports To Be Held July 1

ATHLETIC CHAMPIONSHIP MEET BEING HELD BY CAL-EDMONIAN AND POLICE SOCIETIES PROMISES TO EXCEED THE CORONATION FIELD DAY.

Now that the Coronation sports are over the next athletic day is the first of July when the provincial athletic meet will be held in Edmonton. The preparations for it have been almost as extensive as those for the coronation sports. The only difference will be that the entries for these sports will be from all over the province and probably from other provinces, and there will not be such a big parade and preliminary fireworks. The winners of these events become provincial champions.

To rival the coronation meet which was a kind of preliminary meet, has given the followers of sport a good line in the men who are entering for the provincial championship. Many of the results in the coronation meet will doubtless be the same on the first, but it is more than likely that most of them will be changed.

The fact that there is a big bunch of athletes coming from Calgary and another bunch from Lethbridge and other towns in the province will possibly have a big effect on the score sheet.

The coronation meet was the smallest of his list of provincial events. There are only three events on the program, namely: 100 yards, 80 yards and 12 pound shot put.

In former years there has always been a large list of events for junior athletes and the entries have usually been fairly numerous.

The meet is being arranged by the Police Athletic Amateur association and the Edmontonian society.

All the entries will be in the hands of the secretary by June 24th. Entries will positively not be received on the evening of June 24th. McCullum is the meet secretary.

The list of events is as follows:

Championship Events
1. Running 100 yards; 2. Running 220 yards; 3. Running 440 yards; 4. Running 880 yards; 5. Running one mile; 6. Running two miles; 7. Running five miles; 8. Running ten miles; 9. Running 100 yards hurdles; 10. Running 220 yards hurdles; 11. Running 440 yards hurdles; 12. Running 880 yards hurdles; 13. Running 100 yards hurdles; 14. Running 220 yards hurdles; 15. Running 440 yards hurdles; 16. Running 880 yards hurdles; 17. Running 100 yards hurdles; 18. Running 220 yards hurdles; 19. Running 440 yards hurdles; 20. Running 880 yards hurdles; 21. Running 100 yards hurdles; 22. Running 220 yards hurdles; 23. Running 440 yards hurdles; 24. Running 880 yards hurdles; 25. Running 100 yards hurdles; 26. Running 220 yards hurdles; 27. Running 440 yards hurdles; 28. Running 880 yards hurdles; 29. Running 100 yards hurdles; 30. Running 220 yards hurdles; 31. Running 440 yards hurdles; 32. Running 880 yards hurdles; 33. Running 100 yards hurdles; 34. Running 220 yards hurdles; 35. Running 440 yards hurdles; 36. Running 880 yards hurdles; 37. Running 100 yards hurdles; 38. Running 220 yards hurdles; 39. Running 440 yards hurdles; 40. Running 880 yards hurdles; 41. Running 100 yards hurdles; 42. Running 220 yards hurdles; 43. Running 440 yards hurdles; 44. Running 880 yards hurdles; 45. Running 100 yards hurdles; 46. Running 220 yards hurdles; 47. Running 440 yards hurdles; 48. Running 880 yards hurdles; 49. Running 100 yards hurdles; 50. Running 220 yards hurdles;

REAL ESTATE BULLETIN

Owing to the holiday intervening there is little to report regarding local enquiry, which is light, but there is considerable outside enquiry current which will compensate for the comparative lack of local business.

Lands suitable for subdivision are in good demand by outside parties as are also large tracts of farm lands and good business and warehouse sites are also in good request.

The local market will recover its usual tone by Monday.

Alberta Park

We are busy showing this attractive suburb to careful investors who see in it a good thing owing to its location and the low price asked at present ensuring a good return within a short time to all who are shrewd enough to see the advantages it possesses and to avail themselves of these by early purchase.

Today's Offerings Business Properties

- A lot on Central Jasper Ave., well situated, per foot \$1,800
- A double corner on Jasper Ave., opposite C.P. \$85,000
- A double corner on First St., near station, for \$85,000
- A lot on Namayo Ave., Blk. 1, Norwood \$1,750

Residential Properties

- An 18 Roomed Modern Brick House, in very central location, furnished, for \$18,000
- An 8 Roomed Modern Brick House on 11th St., on corner lot, south of Jasper; hot water heating, soft water cistern, etc. \$10,000
- A 10 Roomed Modern Brick House, on 13th St., south of Jasper, with stable \$7,000
- A 7 Roomed Modern Cottage, on 12th St., north of Jasper \$4,000
- A 4 Roomed Bungalow, with attic, with small house on rear lot, on corner lot on Vermilion Ave., close in \$5,000

Farm Lands

- A Half Section of good land, 8 miles from Bruce, 60 acres cultivated; good frame house and barn with other buildings; school 1 1/4 miles; per acre, cash \$13
- 3520 Acres of School lands, selected, en bloc, per acre \$11

Scrip

South African veteran scrip always on hand at current prices. Also a limited supply of Half-breed and Red River volunteer scrip.

Loans negotiated.

Agreements for sale bought. Oil stocks bought and sold.

NEWS OF THE CITY

A large addition to the provincial asylum at Ponoka, to increase the present accommodation in a sufficient degree to accommodate at least an additional 100 patients, is to be undertaken in the near future.

The immigration hall has been a busy place during the past week, 160 persons having registered on the books since last Sunday morning. Thirteen Germans, one American and two Frenchmen came to the hall this morning.

Yesterday twenty-five Russian men, women and children came to the hall.

An insane Galician was brought from the G. T. P. camps near Edmonton by the mounted police and was sent to the hospital in Edmonton yesterday evening. The man is apparently dangerous, having acquired a reputation for trouble to the police.

Dr. Whiteley, city medical health officer, has prepared a report which he will submit to the commissioners on the work recommended by the park committee for beautifying the grounds surrounding the city incinerator. The work will cost \$100.

Dr. Whiteley says the work as outlined will not interfere with the possible extension of first avenue.

During the construction of the new sugarman block, H. Milton Martin's real estate office will be located in the old post office building, where the Standard Investments Co. is now doing business. Mr. Martin will move back to Jasper when the new business premises are completed.

General Manager M. H. Melwood of the Canadian Northern railway is still away on his tour of inspection of the C. N. R. grade to Athabasca Landing. He is expected to return to Edmonton either late tonight or during tomorrow morning.

The pulpit of Synagogue Avenue Baptist church will be occupied on Sunday by Rev. W. H. Chisholm of Stratford. He will preach at both the morning service at 11 a.m. and the evening service at 7:30 p.m.

CROSSFIELDS FAIR

A splendid showing of Percheron and Guernsey, as well as in cattle and other live stock, was made at the Crossfields summer fair according to Mr. E. Lewis, superintendent of fairs and institutes for the province, who came into the city last evening after attending the fair on June 22. The fair was held on Coronation day, and an unusually large gathering of people from the surrounding districts was in consequence drawn to the fair grounds, the celebration taking on a dual character.

Messrs. Hamilton of Vinnobrie and Hammer of Olds acted as judges of stock.

NEW BUSINESS BLOCK

The construction of another substantial business block on Jasper avenue will be commenced within the next couple of weeks, by William Sugruman, who will complete the construction before the fall, of a modern two storey building on the site now occupied by the Great West Land Co., F. C. Lewis and H. A. Horn Martin real estate offices.

THE COMING WEEK NEWS FORECAST FOR

(Continued from Page One.)

That has kept the Blue Grass state in a ferment for many months. Governor and state officers are to be nominated and a candidate for United States senator endorsed. Most interest centers in the senatorial contest. Senator Thomas H. Peyton is a candidate for re-election and has for an opponent Otis M. James, the present representative from the First Kentucky district.

The festivities following the coronation will make the week in London a brilliant one. Of paramount interest will be the state visit of the King and Queen to the City of London on Thursday and the King's Exit to 100,000 children at Crystal Palace on the following day. Then there will be the gala performance at Covent Garden Opera House, a garden party at Buckingham Palace, a gala performance at His Majesty's theatre, the great dinner and

ball to be given by Lord Derby, the Dominion Day dinner and Lady Strathcona's Dominion Day reception at the Imperial Institute, a dinner to be given by the Pilgrims in honor of John Hay Hammond, the American ambassador to the coronation, and the visit of the King to the Royal Agricultural show. Other interesting events in the foreign field will include the sessions of the Eucharistic Congress at Madrid, the Automobile Grand Prix of France, the conclusion of the Kiel Regatta, and the competition for the International Aviation cup at Hendon, England.

Dividends on the cumulative preferred stock accrue from June 15th, 1911. Dividends will be payable quarterly.

Application will be made immediately for the listing of the securities of the company on the Montreal and Toronto Stock Exchanges.

PROPERTIES.

The following information has been supplied by Messrs. Walter H. Cottingham and C. C. Ballantyne: The Sherwin-Williams Co., Limited, of Canada has been formed to take over the Canadian business of the Sherwin-Williams Co., of America; the Lewis Berger & Sons, Limited, of London, England, which since 1905 has been associated with The Sherwin-Williams Co., of America, and was founded over 160 years ago; and has acquired control of the Canada Paint Co., of Montreal.

The Sherwin-Williams Co. are the largest manufacturers of paints and varnishes in Canada. Their plant covers about four acres in the City of Montreal and is the most modern and complete of its kind in the world, having been built in 1905. It comprises paint works, varnish works, linseed oil mill, tin can factory and box works, all connected and operated by one central power plant, insuring economy and efficiency in operating. The company has its offices and manufacturing warehouses in Winnipeg, and operates branch houses in Toronto and Vancouver. The business was established 24 years ago by Mr. Walter H. Cottingham, now President of the Sherwin-Williams Co., of America.

The Canada Paint Company, limited, organized 18 years ago is a consolidation of three of the largest paint manufacturing concerns in Canada, outside of the Sherwin-Williams Company. Its total output today is practically as large as that of the above Company. The Canada Paint Company operates its own paint and color works at Montreal; varnish works at Toronto, and a paint factory and linseed oil mill at Winnipeg. It also owns and operates its own Oxide and Graphite mines, the products of which are extensively used in the manufacture of paint.

The brands of these two companies are among the best and most favorably known in Canada. Lewis Berger & Sons, Limited, is one of the oldest and best known paint, varnish and color manufacturers in Great Britain. Founded over 160 years ago, it has grown from small beginnings till today it stands one of the leading concerns of its kind in the British Empire. The plant is situated upon four acres of land in the city of London. Besides the large business carried on in London and throughout Great Britain, this company's export business has grown to large proportions and maintains its own offices and warehouses at Sydney, Australia; Wellington, New Zealand; Bombay, India, and Paris, France.

MANAGEMENT

The present management will be continued, and the Canadian company, under an agreement with the American company, will have the benefit of the large research and development work constantly being done by the latter. Mr. Walter H. Cottingham, founder of the Canadian business of the Sherwin-Williams Co., Chairman of Lewis Berger & Sons, Limited, and President of the Sherwin-Williams Co., of America, will be President of the new company. Mr. C. C. Ballantyne, who has been General Manager for Canada of the Sherwin-Williams Co., and who has been associated with Mr. Cottingham for nearly twenty years, will be Vice-President and Managing Director of the Company.

The present management of the Canada Paint Co. and Lewis Berger & Sons, Limited, will be continued. Mr. James W. Garson, Managing Director of Lewis Berger & Sons, Limited, will be one of the directors of the new company, having been connected with the Berger organization for over twenty years.

OBJECTS OF CONSOLIDATION.

It is confidently expected that large economies will be effected by utilizing the manufacturing facilities of each company for the benefit of the common interest. Some of the products, it has been found, can be more economically manufactured in one plant than in others, by reason of conditions being more favorable. It has also been found that by handling the entire output of some articles in one plant instead of three, a considerable saving can be accomplished by reason of the larger output being handled in one plant. The new company will be operated in a manner to take advantage of the opportunity for savings and increased efficiency of this kind.

The Sherwin-Williams Co., of America are manufacturers in a large way of zinc oxide and white lead, the plants being among the most efficient for the purpose. The new company will have the advantage of their plans and experience.

It will be the object of the new company to produce and control practically all of its important raw materials, including Dry White Lead, thus guaranteeing lowest cost with highest quality.

MANUFACTURING
Paints, varnishes and colors are among the most staple articles being used in some form or other by railroads, steamships and manufacturers, builders, property owners and householders, and are used in some form in every house, and in all buildings, public or private.

Although the subscription list will close on or before Friday, June 23rd, arrangements have been made to allow four days for subscription from Western Canada and Maritime Provinces. As far as possible all applications for 25 shares and under will be allotted in full. Applicants may be made on the form accompanying the prospectus and forwarded to
